

MILA MEETING TABLES

Technical Data Sheet

MILA MEETING TABLES

Designer: Adnan Serbest

Mila stands out with its minimalist details, offering simplicity and elegance. With a variety of options that meet all needs, Mila is poised to become the new favorite of inviting and collaborative meeting rooms.

DESCRIPTION

METAL STRUCTURE

The metal legs are made from 25x25x1.5 mm metal profiles, and the top is clad with particle board over a 20x20x1.5 mm metal profile. All metal parts are coated with a 90-micron thick textured (pebbled) electrostatic powder paint. They can be painted in any static color from the Zivella Metal Color Chart.

WOODEN STRUCTURE

The table top is made from 25 mm thick, melamine-coated particle board on both sides. The table top can be produced in all colors and patterns from the Zivella Particle Board Color Chart.

ACCESSORIES

The table top covers can open in both directions with metal sheet components. The socket covers are made from the same material as the table top. The table top and legs are connected to each other with wood screws attached to metal sheets on the legs. Height-adjustable plastic bingo feet are used on the bottom of the metal legs where they make contact with the floor.

USAGE AREA

Mila Meeting Tables are designed for office spaces and similar working environments.

DESIGNER / COLLECTION

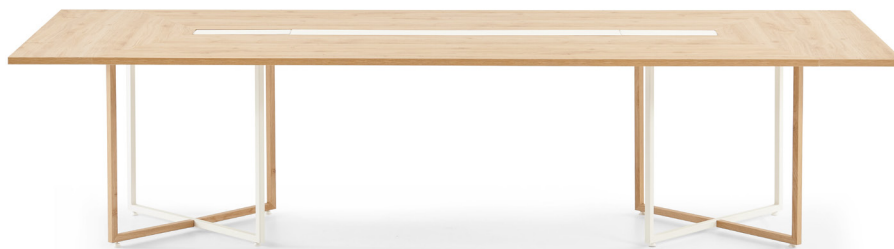

Mila Meeting Tables were designed by Adnan Serbest for the 2022/2023 collection.

MATERIAL LIBRARY

Zivella; you can access the wood, metal, fabric, and faux leather library using the QR code below.
