Overview of Bari Bench	03
Solutions for the Product Group	08
2D Drawings	10

Bari Bench adds dynamism and energy to the space with its new-generation modular design. It is designed to meet all the needs of the communication era. The small charging unit, which perfectly integrates with the sofa's design, makes life much easier.

Bari Bench has a flexible appearance and can adapt to the environment. It can be shaped to fit around architectural elements such as walls and columns, ensuring seamless integration.

It allows users to choose from different modules and configure their own layouts according to their personal spaces and preferences.

Colorful, dynamic, and cheerful... Bari Bench brings movement and energy to its surroundings with its next-generation modular design. Designed to meet the demands of the communication era, its built-in small charging unit makes life significantly easier.

The seat's top layer consists of 5 cm thick polyurethane foam with a density of 50kg/m<sup>3</sup>. The outer frame is covered with 1 cm thick gray foam with a density of 28kg/m<sup>3</sup>. To create its curved look and sharp edges, 10mm Bondex foam is used.

The product includes a built-in USB charging device with 2 USB ports embedded into the upholstery.

The Bari Product Group is designed for waiting areas, office spaces, and home interiors.

**Footing:** The product features height-adjustable bingo feet made of rigid plastic where it contacts the ground. The Bari ottoman's base includes freely rotating rubber wheels, available in both locking and non-locking versions.
